Part B — Vocabulary	B1, B2	20 marks	1 mark per correct answer
TOTAL		40 marks	

PART A — COMPREHENSION ANSWERS

Task A1 — True / False / Not Given [7 marks]

Accept only TRUE / FALSE / NOT GIVEN (or T/F/NG). No partial marks.

- | | | |
|----|------------------|---|
| 1. | FALSE | The article states Dewey was dissatisfied with memorisation and believed students should engage actively. |
| 2. | TRUE | Paragraph 2: 'he began working as a teacher'. |
| 3. | NOT GIVEN | The article does not specify when exactly he developed his theories relative to starting university. |
| 4. | TRUE | Paragraph 4: 'he established a laboratory school where new teaching methods could be tested'. |
| 5. | FALSE | The article states that critics argued his methods 'lacked structure' — not all educators accepted them. |
| 6. | TRUE | Paragraph 7: 'His books and articles were widely read and translated into many languages'. |
| 7. | TRUE | Paragraph 5: 'schools should prepare students to participate actively in a democratic community'. |

Task A2 — Note Completion [9 marks — one word only]

Accept only the exact word from the article as given below. No synonyms.

- | | | |
|-----|---------------------|---|
| 8. | modest | Paragraph 2: 'Dewey grew up in a modest family'. |
| 9. | teacher | Paragraph 2: 'he began working as a teacher'. |
| 10. | memorisation | Paragraph 2: 'traditional methods ... which relied heavily on memorisation and repetition'. |
| 11. | doing | Paragraph 3: 'This approach later became known as "learning by doing"'. |

12.	collaborative	Paragraph 3: 'they should engage in problem-solving activities and collaborative tasks'.
13.	laboratory	Paragraph 4: 'he established a laboratory school'.
14.	evaluated	Article extension: 'tested and evaluated'. Also accept: observed.
15.	society	Paragraph 5: 'education should reflect the needs of society'.
16.	democratic	Paragraph 5: 'participate actively in a democratic community'.

Task A3 — Short Answer Questions [4 marks]

Accept any answer that clearly conveys the correct idea in the student's own words. Do not penalise for grammar errors as long as the meaning is clear. Award 1 mark per question.

17.	He felt it did not prepare students for real life / relied only on memorisation and repetition / treated students as passive learners.	Key idea: memorisation / repetition was ineffective; students were not prepared for practical life.
18.	Students showed higher engagement / curiosity / problem-solving ability / were more motivated and confident.	Key idea: evidence showed the new methods produced better learners.
19.	Some critics said his methods lacked structure / could lead to a decline in academic standards.	Accept either criticism — lack of structure OR decline in standards.
20.	Modern teaching approaches that emphasise student engagement and critical thinking reflect his ideas / his principles remain relevant today.	Key idea: student engagement / critical thinking / collaborative learning link back to Dewey.
